Jim - the actual reference to the Anchor document we are looking for from the draft RI Report is:

Anchor. 2006c. Portland harbor RI/FS Round 3A Sediment Trap Deployment Field Report. Prepared for the Lower Willamette Group, Portland, OR. Anchor Environmental, L.L.C., Seattle WA. December, 2006.

We had the other ones you referenced below, but we do not have this one nor could I find it on the portal.

Kristine and Chip:

Please see the email below from Amanda and the attached memo from the City. We believe these comprise the documents Kristine was seeking. Please let us know if you have any other questions or requests.

Thanks,

Hi Jim - Here are the documents you are looking for per Kristine Koch's request.

- 2006 Anchor QEA Round 3a Sediment Trap Field Report; and
- 2008 personal communication between Carl Stivers and the City of Portland

The memo from the City of Portland is attached. It is also summarized in the Stormwater Loading Methods Report Appendix B.

I assume the reference to the Round 3a Sediment Trap Field Reports is referring to the four separate reports submitted to EPA in 2007 and 2008. These are too big to email, but are saved to the Portland Harbor Collaboration Portal at:
